

## **SILVER SHIELD WITH AQUA SOL TECHNOLOGY**

Dr. Pedersen states, "in his book 'A FIGHTING CHANCE' that Silver Sol is an AG 404 which means that it is missing two electrons in its outer shell. This means that Silver Sol has catalytic capabilities. (Catalytic means that while one electron is destroying bacteria, viruses and mold, the other is being recharged.)" Yep you got it! It is like the bad guy coming at you and you have now graduated from a sword to a gun and you hold your gun filled with Nature's Sunshine Silver Shield with the Aqua Silver Sol Technology up to the bad guy(s) and start shooting. Now your gun is not just an ordinary gun it is a gun that shoots repeatedly. The bad guys have no choice but to die. Because the Silver Sol has 2 electrons it just keeps recharging and shooting. Dr. Pederson says, "It is like a rapid-fire machine gun. The result is that Silver Sol can destroy thousands of times more pathogens than simple colloid or ionic silver." And Nature's Sunshine Silver Shield contains this technology. Silver Sol is different to the colloid and ionic silver in that it is charged with Alternating Current (AC) volts of 10,000 - 11,000 the old colloids used only 110 volts.

**"Silver has undergone rigorous testing and has been found to kill anthrax, bubonic plague, hospital staph and SARS. This product is EPA approved ... In short, we currently do not have anything with such a wide spectrum of efficacy in our inventory." General P.K. Carlton, M.D., Director of Integrative Center for Homeland Security**

# **Reasons to Use Nature's Sunshine Silver Shield with Silver Aqua sol Technology**

## **1. Patented Technology**

This new Aquasol technology has made Silver Shield more effective than the old colloidal or ionic silvers. It requires smaller amounts, is totally non-toxic, and extremely safe.

## **2. Scientifically Supported**

Many laboratory reports and research studies have documented Silver Shield's benefits. Scientists have found this new silver solution can destroy 99.9% of all bacteria, molds, fungus, viruses, and other pathogens. The die-off begins within the first 15 seconds.

## **3. Super Flexible**

Silver Shield can be used internally and topically and also within the external orifices, such as eyes, nose and ears. It can be used mixed with water as a non-toxic alternative for household cleaners, as an effective disinfectant, like bleach, only safer.

## **4. Quick Kill Time**

In just a few minutes Silver Shield has accomplished great things. Research shows that exposing pathogens to this substance for only 3-6 minutes will kill them.

## **5. Inexpensive**

When you calculate the cost of doctor visits, time loss from work, the exposure to other sick people, and cost of medications, Silver Shield is a real bargain.

## **6. Emergency Preparedness**

Silver Shield is inorganic with no chemicals or other additives, so it can be stored for years at a time when the possibilities of life threatening viruses are abundant. Several government agencies and organizations have recommended the use of colloidal silver as a potential agent to fight against bioterrorism.

## **7. Extremely Safe**

With all the research, testing and long-term uses documented, Silver Shield has been proven to be safe and effective for everyone, including children, the elderly and pets.

## 8. Convenience of Gel

Ease of use is enhanced with Silver Shield being provided in a liquid and gel. The gel is very convenient for all skin and nail topical applications.

## 9. Nature's Sunshine Advantage

Nature's Sunshine Silver Shield is safe and effective. It is manufactured using a patented process (U.S. Patent No. 7,135,195) with strict quality control to verify atomic adsorption. The result is fine, particle-sized colloids with 99% bioavailability. Other products tested ranged between 15–65% bioavailability.

## 10. Scientific Support

Nature's Sunshine Silver Shield has been studied extensively in vitro and human trials. It has proven to be two to three times more effective than other commercial colloidal silver products, and it has outperformed some other products.

**11. Where can I purchase this product? Contact your Distributor for Nature's Sunshine and/or I Kathy Deane at 250 547 2281. If you are a Distributor or a Preferred Customer you can order direct from Nature's Sunshine. by calling 1 800 265 9163 . If you want to become a Distributor so you can purchase the product at cost and sell to others or become a Preferred Customer so that you can receive discounts then Contact us and let us get you signed up today!**

### 1. Silver Shield Liquid # 14362-7 4 Pak (Great as a Family Pak)

PV	Manager	Business Assoc	P/C	Retail
