

## News Update from Kathy Deane Health Educator NWHHI Inc. Aug 23/09

Hello to Each and Everyone. The Trip up North was a GREAT SUCCESS! At the Prince George Exhibition we met a lot of beautiful folks and had a great time. After being scanned with the ZYTO COMPASS a lot of people went on the **Nature's Sunshine Health Products Health Program** not to mention others that bought the ZYTO COMPASS to enhance their businesses.

While at the Prince George Exhibition - Rita – who is 72 years YOUNG went Motor Bike Riding with Peter. What a MOTOR CYCLE MOMMA. I hesitate to tell you how fast they traveled but rumor has it they broke speed records.

Some of us of course had to WORK! While others played. Just kidding – everyone did a GREAT JOB and a big thank you to Peter for opening his doors to his home so we had a place to stay.

Rita on Motor Cycle

Kathy & Rita Pr George EX

We will be at the Armstrong Exhibition for the week of Sept 2<sup>nd</sup> to the 6<sup>th</sup>. Be sure to come and say hello at our booth and invite folks that need scanned with the Zyto Compass.

Karen at the Pr George Exhibition

The Zyto Compass continues to leave me in AWE. One lady I scanned indicated she wanted 1. HSNW 2. CA ATC Concentrate and 3. Astragalus. MMMM The Client appeared very healthy so I was a bit surprised at her body requesting the Astragalus and we usually think of this just as an immune builder. However upon

reading the information the ZYTO SCANNER had pertaining to Astragalus I noted something that was absolutely fascinating. This is what the Scanner report indicated;

1. HSNW "® contains horsetail stems and strobilus, dulse fronds, rosemary leaves and sage leaves. These botanicals provide significant amounts of herbal silica (27.9 mg per 100 grams). Researchers have suggested that silica may be important to the human structural system.
2. NS CA ATC Concentrate "Provides minerals and companion compounds that help nourish the structural and nervous systems. CA, ATC Herbal provides the body with natural sources of important minerals. Magnesium works synergistically with calcium, and silicon strengthens body tissues, including the sheath surrounding the nerves."
3. NOW HERE IS THE MOST FASCINATING PART OF THE STORY THAT I COULD SEE ASTRAGALUS – "Stimulates the immune system in a multitude of ways. It protects the heart against oxidative and free radical damage. Astragalus root has been used to promote immune function and as a tonic to build stamina. Ancient Chinese texts record the use of Astragalus for tonifying the spleen, blood and chi. Astragalus contains saponins, sterols, flavonoids, isoflavones and polysaccharides that have health promoting benefits. Astragalus root may stimulate the immune system in many ways. **HERE IT IS, "[ASTRAGALUS promotes the production of stem cells in bone marrow and lymph tissue](#)** and encourages their development into active immune cells. It appears to help trigger immune cells from a "resting" state into heightened activity. One study showed that Astragalus root helps promote and maintain respiratory function. It also enhances the body's production of immunoglobulin and stimulates macrophages. Astragalus can help activate T cells and natural killer cells. Several studies also show that Astragalus demonstrates heart benefits, including protection against oxidative cellular damage. The flavonoids, saponins and polysaccharides found in Astragalus root help minimize free radical damage on membranes.

If someone said to me,"Can you SOLVE THE PUZZLE or HOW DOES THE STORY FIT???? Well if I was printing out the report the ZYTO SCANNER did I would think it indicated that this persons body was looking for natural supplementation that would enhance the

bones, skeletal, hair, skin and nails and wanted the supplementation so that the BODY could go to work and PRODUCE stem cells in the BONE MARROW not to mention the IMMUNE SYSTEM VIA UTILIZING ALL THREE NS PRODUCTS, INCLUDING THE RESPIRATORY, HEART, T CELLS, MACROPHAGES, OXIDATION ETC. As I say this ZYTO COMPASS continues to overwhelm me.

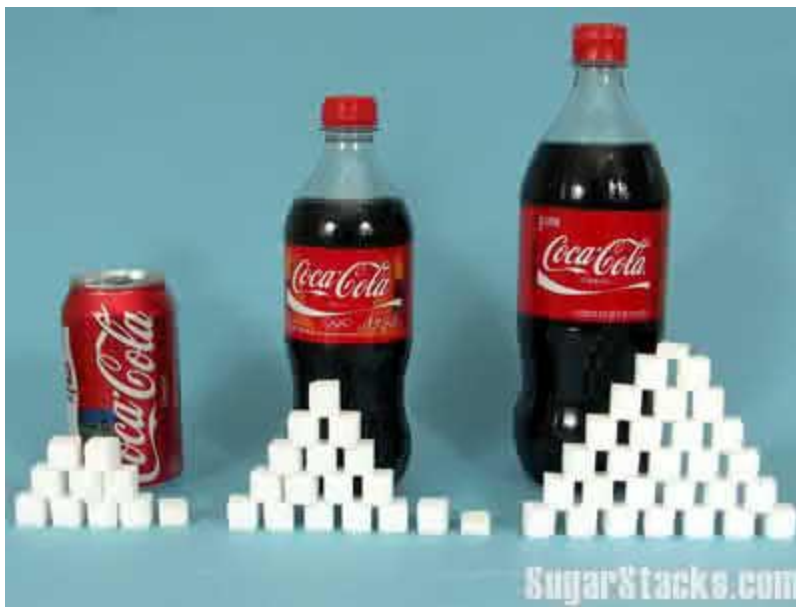

Look up the three products in your NATURE'S SUNSHINE FACT SHEET BINDER and read them through thoroughly. If you want to do even a better STUDY take each herb that is indicated in the combination and look each one of these up and study what they have been used for throughout the years and what body systems they would nurture. I am sure the STORY will get even better. For example. NS HSNW contains - horsetail stems and strobilus, dulse fronds, rosemary leaves and sage leaves AND NS CA ATC contains Alfalfa herb, Marshmallow root, Slippery elm bark, Oatstraw stem, Irish Moss plant, Horsetail herb, Passion flower herb. AND be sure to study more completely ASTRAGALUS.

I was devastated to see along my way so many people drinking POP and not being aware of the damage SUGAR can have on the body. I will close with some pictures of SUGAR in a variety of different forms. And be reminded to be on DONNA ROTHS conference call tomorrow evening. Donna is a BOOK OF KNOWLEDGE that we can all learn from. One thing she will tell you for sure is to get rid of SUGAR IN YOUR DIET. Use naturals like STEVIA AND XYLITOL.

IN CLOSING

**How well do you know your COKEe trivia? ... How many SUGAR CUBES would a person have to eat to equal the amount of SUGAR found in one 12 oz. can of COKE??? I was sent these pictures from a friend that found this info on the net.**

**More on Sugar Trivia in My Next News Update.**

**Blessings and Gratitude to each and everyone of you**
