

MAN YOUR WARRIORS by Kathy Deane Health Educator

Sept 26th 2009

Hello I am resending this news letter out as I am getting many reports that a number of you are ill with this strep and viral throat infection going around AND that you have not filled up your Herbal Medicine Chest with the products that you need to assist with this condition if you do become under attack. Again I ENCOURAGE YOU ALL to have product on hand so that if the need arises YOU CAN MAN YOUR WARRIORS.

News Letter resent Oct 2009. Good Morning Everyone

The September meeting with Donna Roth held at Kelowna BC was exhilarating to say the least. Many testimonies and stories were given. I shall highlight on these a bit later. First off I want to discuss my sore throat, irritated glands and inflamed eardrum **YES THIS BUG THAT IS GOING AROUND I GOT!!!!**

Somewhere along my travels I picked up this strep type virus/bacteria throat and ear infection. I could not believe I got it as for those of you who know me **I DO NOT NORMALLY GET SICK!**. However even though work in this field has been enjoyable the hours have been very long lately and I think my body got run down a bit which allowed the accessibility of this attack on my body. On the other hand sometimes God just allows things to happen to me so I know how to tell people how to deal with them.

Often when I teach I ask this question? Dose the Mosquito go to the swamp or does the swamp go to the Mosquito????? That's right the Mosquito will go to the swamp. So somehow my body became the "swamp" and became under attack. I knew I needed to **MAN MY WARRIORS FAST** so here is what I did.

1. I opened up a bottle of **Silver Shield** and drank right from the bottle. I gargled as long as I could and then swallowed. Within a 24 hour period I used 1 bottle of Silver Shield and opened another to continue on with the same process.
2. I saturated **Silver Shield Gel** with a cotton swab and inserted it in my ear drum. I continued to do this when I felt the cotton was drying out. I received pretty much instant relief in the ear and swollen gland.
3. I continually applied the **Silver Shield Gel** on my neck, throat and ear gland areas and could actually feel it attacking the strep type scenario going on in my throat.
4. In addition I took **4 HRPC every 4 hours and 4 Cats Claw every four hours.**

AND GUESS WHAT???? Within just a 24 hours period I improved by 75%. I will continue on with this program for another five days to ensure the **ENEMY** is put to rest.

I encourage you all to have in your **HERBAL MEDICINE CHEST** these products to have on hand for such emergencies. I would also include **MINERAL CHI TONIC**.

Now let's chat about the meeting held in Kelowna on Sept 22nd. First and foremost thank you for everyone who took time out of their busy day to attend and a big thank you for those who traveled so far. People attended as far away as Kamloops BC.
